Council Tax not paid/delayed payment due to changing student status

Request:

I would like to request some information under a freedom of information request. I seek to find out how many university students forget to pay council tax when their student status is over.

My question is below:

1. How many court summons have been issued to former students (within 3-6 months of changing student status) between January 1st 2018 - January 1st 2019 for refusal of paying council tax. Can this information be provided in a spreadsheet showing the court summons, the outstanding payment, and when it was paid.

In response to your request, please find our response below:

49 summonses have been issued, further details are in the following table
