

Response to Request for Information

Reference FOI 002898
Date 23 October 2018

Disabled Parking Spaces

Request:

Please provide me with the location, in latitude and longitude or other coordinates, and street names of all the disabled parking bays on roads managed by your council, the number of disabled cars which can fit in each bay, and the parking restrictions (if any) that are applied to these parking bays. Please also provide the locations and number of bays of all disabled parking bays in car parks managed by your council.

Please provide this to me in CSV or spreadsheet format, ideally electronically.

Your request for information has now been considered and the City of Wolverhampton Council is not obliged to supply the information you requested for the reasons set out below.

Section 17 of the Freedom of Information Act 2000 requires City of Wolverhampton Council, when refusing to provide such information (because the information is exempt) to provide you, the applicant with a notice which:

- (a) states the fact,
- (b) specifies the exemption in question and
- (c) states (if that would not otherwise be apparent) why the exemption applies:

In relation to your particular request, the following exemption applies:

Section 40 – Personal Information

We can confirm that the Council holds information falling within the description specified in your request. However, Section 40(2)(3) of the Freedom of Information Act 2000 allows a public authority to refuse a request if it asks for information 'other than that of the requester' and where disclosure would breach the data protection principles contained in Chapter 2 - Section 34 of the Data Protection Act 2018.

In respect of your request, the Council considers that to reveal the house number of individual addresses meets the definition for personal data set out in Data Protection Act 2018 as:

Where information requested under the FOI Act includes information about identifiable individuals, public authorities must consider whether its release would breach the Data Protection Act.

To explain further, to disclose details of house numbers of where disabled bays are located is considered personal information as those involved would have no reasonable expectation that their information would be disclosed and published to the world at large.

Any disclosure of this information would be judged in this instance to breach DPA principles, notably the first principle – Section 35 (1)(a) that of fair and lawful processing and the second principle – Section 36 (1)(b) requirement that purposes of processing be specified, explicit and legitimate. Details will therefore not be provided in this instance.

However, to advise and assist you under Section 16 of the FOIA we are able to provide the locations as listed below:

Residential Disabled Bays List by Ward

Road Name	Ward	District	Location of Bay	Date Installed
