

Response to Request for Information

Reference FOI 000351
Date 09 August 2016

Car Cloning Offences

Request:

I would like to find out what data you hold on car cloning offences either the actual crime which would be fraud or how many people have made successful challenges having been accused of an offence following a cloning occurrence.

FOI Questions:

Please supply figures for the number of people caught driving cars with cloned numberplates over the last five years within your council area. Please break the figures down into individual years.

and/or

Please supply data on the number of people who have successfully challenged PCN or other offence notices on the grounds that their car was cloned. Please break the figures down into individual years.

In response to your request, we have established that the Council does not hold the above information. Thus we are unable to provide any information relating to the above, and are informing you as required by Section 1(1) of the Freedom of Information Act.

To advise and assist you, you may wish to contact the Police and DVLA who would be in a better position to report statistics of cloned vehicles. For ease of reference I have provided the links below:
