

Response to Request for Information

Reference FOI 000473
Date 30 September 2016

Stray Horses

Request:

Please confirm which authority collects and houses your stray horses if Wolverhampton does not do so? I request this under the FOI Act.

In response to your request, Wolverhampton Council does not employ a horse bailiff to remove stray horses, neither have we used the services of a private contractor or another authority to remove horses that are fly-grazing. Where we have intervened, we have found that Notices displayed at the field in question asking the owner to remove the horses has had the desired effect.
