

Response to Request for Information

Reference FOI 000529
Date 19 October 2016

Housing Benefit

Request:

Please would you provide me with a record of households whose Housing Benefit has been or is scheduled to be reduced as a result of notifications by the Benefit Cap Processing Team (BCPT)

Please provide:

- a) The household (anonymised as a number)
- b) Their previous Housing Benefit (£ per week)
- c) The reduced Housing Benefit (£ per week)

In answer to your questions above, please see table provided on the next page.

We would like to point out that this represents cases affected by the benefit cap at 7 November 2016.

All of the cases listed were already affected by the cap (at the higher level) and therefore the “previous housing benefit” was also a restricted entitlement.

We have not yet received any notifications from BCPT in respect of new cases affected by the lower rate benefit cap and are not scheduled to receive anything until January 2017.

Claim	Previous Housing Benefit	Reduced Housing Benefit
