

Response to Request for Information

Reference FOI 000929
Date 2 March 2017

New Selective Secondary Schools

Request:

Please can you let me know what discussions your authority has held in the last six months with schools, education providers and/or the Department for Education regarding establishing new selective secondary schools in your area.

If these discussions have been minuted I would grateful to receive a copy. If not, or if the substance of the discussions is confidential, that is fine - my prime request is whether any discussions have taken place, not the content of those discussions.

[No discussions have taken place during the above period.](#)
