

CITY OF  
WOLVERHAMPTON  
C O U N C I L

## Response to Request for Information

Reference      FOI 000990  
Date            22 March 2017

### ***Food Safety***

#### **Request:**

How many takeaways are there in the Wolverhampton area

There are 331 takeaways currently registered with the authority, which are operating.

and what are the annual data-sets for the number of takeaways in the last five years?

In respect of the second part of your question 1, it has been established after careful consideration that the Council does not hold all of the above information as it was not a requirement prior to 2013 to complete this information and therefore the annual data-sets for this period cannot be provided for all of the premises. Consequently, we are unable to provide some of the information relating to the above, and are informing you as required by Section 1(1) (a) of the Act, that states:

"Any person making a request for information to a public authority is entitled to be informed in writing by the public authority whether it holds information of the description specified in the request".

Please see the information we can provide on page 5.

How many food inspections have been carried out by the council in the last five years (please show this in monthly datasets)

Please see our response provided on pages 2 and 3.

and what percentage of the council's inspections target has the council met?

In respect of the second part of your question 2, I can confirm that City of Wolverhampton Council holds this information. The information you have requested is exempt under Section 21 of the Freedom of Information Act (FOIA), because the information is accessible to you, as it is already in the public domain.

Please see link supplied below:

Moreover, does the council inform the Food Standards Agency on all prosecutions it has brought against takeaway establishments?

No

Also can I have the full inspection reports for all the takeaways in the area that currently have a 0 hygiene rating.

In response to your above question, the Council would consider that the requested information falls into the class of information collected for the purposes of investigations and proceedings the Council is required to conduct, namely in this case the investigation is food hygiene related.

The Council considers thus that the provision of Section 30 – relating to investigations and proceedings conducted by public authorities is engaged. This is one of the FOI Act's qualified exemptions. When considering the application of this

[NOT PROTECTIVELY MARKED]

exemption the Council would consider the public interest in disclosure demonstrating openness and transparency of process and furthering the understanding of its business to the wider world.

Set against this however, the public interest in non-disclosure is served by the need to protect the investigative integrity of its processes and those individuals (witnesses, relatives and friends for example) who may be compromised by disclosure to the wider world (which is how any disclosure under the FOI Act must be viewed).

Disclosure of the Council's investigation would also compromise the conduct of future investigations by revealing processes followed and would add to the sum of criminal knowledge available to the wider world.

This is considered to be a stronger consideration and no disclosure will be made in this instance.
