

Response to Request for Information

Reference FOI 001072
Date 19 April 2017

Right to Buy

Request:

Can you tell me the tenure mix of the 54 homes you have submitted as Right to Buy replacement acquisitions and starts to DCLG since 2012/13 Q1?

This is the figure DCLG published here, table 693 -
<https://www.gov.uk/government/statistical-data-sets/live-tables-on-social-housing-sales>

Can you also tell me how many are new builds and how many are acquisitions?

All of the new homes created under the Right to Buy 141 programme in Wolverhampton have been affordable Council housing for rent. Of the 54 units delivered in this programme, 32 have been acquisitions, and the remainder are newbuild.
