

## Response to Request for Information

Reference      FOI 001240  
Date            22 June 2017

### ***Tall Buildings/Social Housing High Rise Tower Blocks***

#### **Request:**

Under the terms of the Freedom of Information Act, please could you supply me with a list of the following:

- a) A list of the buildings within your borders that are considered tall buildings. The standard definition in use in building codes is 18m. If there is some other - hopefully similar - definition that would assist you in getting the information more easily, please do contact me. Ideally, we would get the height, too (either in storeys or as in metres/feet)?
- b) For each building, please state the postcode?
- c) For each building, please state whether the buildings (whether they are for residential use, for example)?
- d) For each building, please state whether they are owned either by the local authority or a housing association?
- e) If the information is held easily, please could you supply the date of construction? I would quite understand if that would cause a breach of section 10, however. So I leave that at your discretion.

In response to your request please find below our response:

The only corporate building we have over this height would be the Civic Centre, office accommodation, post code WV1 1RL.

In terms of Social Housing High Rise Tower Blocks is listed below:

Block	Postcode	Storeys	Residential (Yes/No)	Date of Construction	Owned By
