

Response to Request for Information

Reference FOI 001297
Date 05 July 2017

Asset Management Software for Schools

Request:

I wish to make a Freedom of Information request regarding the tendering and current contract arrangements for the provision of Asset Management software for schools in Wolverhampton. I believe the current incumbent is Parago Software.

I'd to know when the contract was first advertised, the bidders, when it was awarded, the overall value and length (initial and any extensions) with options to extend. The scope of the contract provision (how many schools and other properties) and when it is due to be re tendered.

Following reasonable enquiries, it has been established that the Council does not hold the above requested information.

Consequently, we are unable to provide any information relating to the above, and are informing you as required by Section 1(1) (a) of the Freedom of Information Act 2000 ("The Act"), that states:

"Any person making a request for information to a public authority is entitled to be informed in writing by the public authority whether it holds information of the description specified in the request".

To advise and assist you under Section 16 of the FOIA, you will need to re-direct your enquiry to the relevant schools as listed below. For reference we have provided their link below:
