2.

- a) How many residents between 18 and 64 years of age with a neurological condition currently live in an older people's nursing or care home in your local authority area (i.e. a residential facility where the majority of residents are aged 65 and over)?

There are **13** residents between 18 and 64 years of age with a neurological condition who currently live in an older people's nursing or care home in our local authority area (i.e. a residential facility where the majority of residents are aged 65 and over).

- b) If possible, please provide a breakdown of numbers of people against the specific neurological conditions listed below:
- Multiple sclerosis
 - Parkinson's disease
 - Motor neurone disease
 - Huntington's disease
 - Acquired traumatic brain injury

If possible, please provide a breakdown of numbers of people against the specific neurological conditions listed below:

Health Condition	Total Clients
Neurological - Acquired Brain Injury	2
Neurological - Other Long Term Health Condition	6
Neurological - Stroke	6

Note that we do not record Multiple sclerosis – these 'conditions' above are recorded as per statutory guidelines as 'Long Term Reported Health Conditions'. Note also that one person has more than one Health Condition recorded, and so appears in more than one category in the above.
