

Response to Request for Information

Reference FOI 002078
Date 15 March 2018

Bilston Urban Village/Garden City

Request:

Please may I request a complete list of subcontractors, suppliers and consultants that have or will be involved with the construction of an urban village. This will include around 1,000 homes and 87,007 sqm of employment, offices and shops. This will include associated car parking, infrastructure, access road, sewer system, enabling works and landscaping. This scheme will be using sustainable features, these features at present have not yet been determined. (Bilston Urban Village / Garden City).

In response to your above question, it has been established after careful consideration that the Council does not hold all of the above information as some of the works are undertaken by developers and therefore we will not hold records of all sub-contractors or suppliers used.

Consequently, we are unable to provide all of the above information, and are informing you as required by Section 1(1) (a) of the Act, that states:

"Any person making a request for information to a public authority is entitled to be informed in writing by the public authority whether it holds information of the description specified in the request".
