Drug and Alcohol Outpatient Services

Request:

I am requesting information I believe you will hold under freedom of information laws.

Please provide me with:

- A) The number of drug and alcohol outpatient services provided by your Local Authority for the past three financial years, starting from 2017/18 and working backwards.

See table below – figure includes brief interventions, and hospital alcohol detoxifications.

Please note information is provided in calendar years 2017 and 2018. 2015/16 and 2016/17 would need to be obtained directly from the provider.

- B) The total number of places available at any one given time at drug and alcohol outpatient services covered by your Local Authority for the past three financial years, starting from 2017/18 and working backwards.

We do not commission in terms of number of places available – places are determined on need.

Please only include outpatient services that involve some form of face-to-face counselling or therapy; exclude online and telephone therapy.

- C) The number of places in private drug and alcohol inpatient clinics that your Local Authority has fully and part funded in 2017/18, and the total value of full and part funding, respectively.
