

Response to Request for Information

Reference FOI 011690
Date 15 January 2016

Business Rates

Request:

Under the Freedom of Information Act 2000, i would respectfully request the following:

All Companies/Organisations that have a Business Rates Credit/Overpayment and/or any Write On/Write Offs on their account.

Could I as that you please include both open/active and closed/inactive accounts. Can I also ask that you detail whether the account is open/active and closed/inactive accounts and if the account is in Administration/Liquidation etc.

I would request that the date from 1990 to present day.

If ALL the requested data is available on an online dataset. Could I please have the URL and the dates when the dataset will be updated.

If there is not a dataset, can I please be provided in Excel/CSV format, the following information:

Company Name, Property Address, Start Date, Property Ref, Credit or Write on Amount, Date that credit or write on refers to. Account Status / Closed / Active

I would ask that the data is up to date as possible. Could you also please advise the date that the data is extracted.

In response to your request, please find our response below:

1. We can confirm that the department holds information that you have asked for in relation to the above. However, the information is exempt under section 21 of the FOI Act because it is reasonably accessible to you, and I am pleased to inform you that all NDR with credits on their accounts are included in the published datasets and you can access it on our website via the following link:

<http://data.wolverhampton.gov.uk/View/business>

Section 21(1) of the Freedom of Information Act exempts disclosure of information that is reasonably accessible by other means, and the terms of the

exemption mean that we do not have to consider whether or not it would be in the public interest for you to have the information.

You can find out more about Section 21 by reading the extract from the Act, available at: <http://www.legislation.gov.uk/ukpga/2000/36/section/21>

2. All NDR accounts which have had a credit written back are listed on the attached spread sheet
 - a. We are unable to provide data about any credits written on to accounts before 2011 as a new computer system was introduced at this point and historical records are not in a format to provide reliable results.
 - b. We cannot guarantee that the write ons which are listed on the attached schedule are in respect of monies which are available for refund. This is because we also write on credits where this is required as part of a property split or merger.

We cannot separately identify just those write ons which represent a refund due to a ratepayer without examining each case in detail. In order to determine the information you have requested, we would need to manually interrogate each case and this would be a manual exercise and as such we believe the aggregated time it would take to collate the information would be in excess of 18 hours (equivalent to a notional cost of £450).

Section 12 of the FOI exempts Public Authorities from providing information where the estimated cost of compliance exceeds the appropriate limit. Any estimate must be undertaken in accordance with the limits set in fees regulations made under Section 12 (5) of the FOI.

These Fees Regulations (SI 2004/3244 Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulations) allow for a refusal where the cost of compliance, for local authorities such as the Council, would exceed £450. As a guide, staff time to identify and extract this information is charged at a rate of £25 per hour.

If you can narrow down your request the Council will look into the matter again and may be able to provide the information free of charge because it would cost less than the appropriate limit to do so. Any reformulated request the department receives from you will be treated as a fresh FOI request.
