Reference      FOI 0316143  
Date            29 March 2016

### ***Shared Space***

#### **Request:**

Can you please provide me with all correspondence from the former and current Secretary of State for Transport, and from any of the former and current Ministers of Transport from the Department of Transport regarding shared space roads / shared space public realm sent to the council from 2011 to the present day. Also please can you provide, all correspondence sent from the council to the Department of Transport on shared space roads / shared space public realm from January 2011 to present.

In respect of your above question, it has been established after careful consideration that the Council does not hold or have record of any specific correspondence between City of Wolverhampton Council and the DfT regarding the issue of shared space. Consequently, we are unable to provide any information relating to the above, and are informing you as required by Section 1(1) (a) of the Act, that states:

"Any person making a request for information to a public authority is entitled to be informed in writing by the public authority whether it holds information of the description specified in the request".

I can advise you that any DfT consultations, circulars, guidance, etc relating to this issue would have been sent to all English councils, not just Wolverhampton, and should be available from DfT direct, or on their website.
