## **Unpaid Business Rates**

### Request:

Please can you provide me with the following information under the Freedom of Information Act 2000 in relation to any ratepayers in the past 6 months who are now currently (i.e the debt has not yet been recovered) involved in recovery action for unpaid business rates, please note that the information requested only relates to Limited companies and any information in relation to individuals is not required.

- Ratepayer Name
- Property Address
- Property Reference Number
- Rateable Value
- Recovery Action taking place i.e demand notice, summons, liability order
- Amount in arrears
- Date recovery action began

### Response:

The Council has taken action as follows in regard to companies owing outstanding non-domestic rates for the period covered:

3 companies issued with a summons

115 companies where a liability order has been obtained

Please see attached spreadsheet.

In regard to the disclosure of the details of those involved, the Council will not be making disclosure and is of the view that the disclosure of the requested information would be likely to prejudice the commercial interests of both the Council and

#### [NOT PROTECTIVELY MARKED]

individual organisations involved and that Section 43 (2) of the Freedom of Information Act 2000 is engaged, where disclosure would, or would be likely to prejudice the commercial interests of any person.

In applying this exemption the Council has balanced the public interest in withholding the information against the public interest in disclosure.

There is a clear public interest in disclosing that the Council takes robust action to recover monies owed. The disclosed information clearly indicates that for the period covered such action has been taken.

The Council always seeks value for money and makes every effort to recover monies owed. However, the Council considers until it has obtained a liability order the debt has not been proven and should not be in the public domain until such time and that by disclosing information regarding the identities of debtors during an ongoing recovery process to the world-at-large, organisations that owe outstanding amounts will suffer prejudice to their affairs, namely their difficulties will be disclosed to the wider world and that they will suffer demerit and difficulties in obtaining credit. This will also negatively impact the Councils ability to recover the monies owed. In the case of the above cited information, the Council considers that the public interest in withholding this information outweighs the benefits of demonstrating openness and transparency of process at this stage.
