Date 15 September 2015

Health Assessment Forms

Request:

I am doing an audit of the health assessment forms used with looked after children and young people in order to develop a quality rating tool. I just wondered whether your authority pay to use the baaf forms or whether you have developed your own. If you have developed your own, please could you send me a blank copy. If you use the baaf forms then please also let me know.

Response:

In response to your request, we can confirm that Wolverhampton City Council use the BAAF Health Assessment Forms for all of our looked after children's medicals.
