

## **Response to Request for Information**

Reference	FOI 101511
Date	2 October 2015

## School Inflow/Outflow

## **Request:**

Please can I be sent the inflow & outflow data for each of the schools in this education authority's area. This will show the current numbers of children in each year group who attend a particular school but who actually live in another school's catchment, or equivalent, area (including a separate figure for any children who currently live outside this education authority's area). Please indicate when the data was last updated.

Following reasonable enquiries, it has been established that the Council does not hold some of the above information as we do not operate catchment areas. Consequently, we are unable to provide any information relating to the above, as per Section 1(1)(a) of the Act:

"Any person making a request for information to a public authority is entitled to be informed in writing by the public authority whether it holds information of the description specified in the request".

With reference to "children who currently live outside this education authority's area", please see below table which shows information relating to pupils who reside outside the City who attend schools within the City.
